## PENDAHULUAN

### 1.1 Langkah pertama

1. membuka aplikasi apex oracle
2. membuat akun baru
3. klik Request a workspace

The screenshot shows the 'Request a Workspace' form. At the top, there is a progress bar with five dots; the first dot is blue and labeled 'Identification'. Below the progress bar, the form contains the following fields and text:

- \* First Name**: Input field with the value 'vicky'.
- \* Last Name**: Input field with the value 'safira'.
- \* Email**: Input field with the value 'safiravicky25@gmail.com'. Below this field, it says: 'A link to activate your workspace will be sent to this email address.'
- \* Workspace**: Input field with the value 'SEMARANG'. Below this field, it says: 'This workspace name uniquely identifies your development environment and is used when signing in.' and 'Please enter a different workspace name.'

At the bottom of the form, there are three buttons: a back button with a left arrow, a 'Cancel' button, and a 'Next >' button.
